

## Northwest Missouri Model A Club

Established 2006

*January 2007*

The new club is shaping up nicely, had over thirty interested show up at the last meeting. We now have over fifty paid members, with the promise of several more.

It's nice that we are reaching owners from Edgerton and Lawson and as the news spreads we will find others who have always wanted to belong but found the trip to far to belong to other clubs.

I feel we are in for a great summer of fun! We have already been invited to a parade, a car show, a trip through the Harley Davidson plant and a trip to a Monastery.

Just a reminder we have a B/S session every Wednesday at the HyVee store at Oak and Engle wood at 7am for some, others come earlier and some later. Good place to get some help and technical information. Also a reminder that some meet at the Big Burger on Vivian every Saturday night, good place to bring your Model 'A'.

Officer elections were held during the January meeting at the results are...

The next meeting is February 5<sup>th</sup> 7pm at Lowman's Café in Smithville.

Hope to see you there!
