It seems that the Bonnie and Clyde craze is making some of our members famous, or at least their cars, Both Lee Donius and Terry Richardson were asked to use their cars in a Bonnie & Clyde production, one at Weston and the other at St. Joe.

Those of you that missed the Picnic missed a wing dinger, the day started at 68 degrees, partly cloudy, a slight wind from the east made it feel that a wind breaker would have felt great. Warmed up nicely as the day progressed. When all of a sudden out of the North came that sound that makes all Model A owners blood pressure rise. Before long seventeen beautiful Model A's had arrived. Soon the HOT DOGS were on the rotisserie Chef Marcia and Bill did their best to get every one fed. With a full stomach we sat back and were serenaded by Sammie and his boys, THANKS A MILLION SAMMIE, you made the day. Also a great big THANK YOU to President t John who made all the arrangements.

At this printing Quenton Kerr is still a patient at the Veteran Hospital in Leavenworth, the good news is that all the test have been positive, Joyce hopes to have him home soon.

The CLUB received a THANK YOU CARD from Whiteridge Retirement Community with many of their residents singing it. At the conclusion of the Garage Sale Etta and Lyman took the unsold trinkets to them to be used for Bingo prizes.

BIG THANK YOU TO Terry and Peggy for their donation to the CLUB.

John needs lots of help with staffing the Shrine Swap Meet, DON'T LET HIM DOWN, SIGN UP!!!!

Road Runner

We had a super garage sale, thanks to all who furnished, and a big THANK YOU to Lee and Sylvia for the use of their new home. As you can see it got real busy at times. The picture with the quilt shows salesman John, (the one with the hat) and Bill talking to the newest members of our club. Let me introduce to you Scott and Sylvia Forsen, they live at 205 N. Maple Ln. Smithville, Mo. 64089, Phone 816 866 4364 Cell 816 529 1452. This now gives us two Sylvia's.

Some Picnic picture's, What a great day. Who is that grumpy old guy at the hot dog machine?
