DEC 15TH; Club Christmas Party at the 36th St. Cafe located on the Belt Way in St Joseph. **THIS WILL BE OUR REGULAR MEETING FOR DECEMBER. THERE WILL BE A SHORT MEETING TO ELECT OFFICERS FOR THE YEAR 2008.** By the time you get this there should still be time to make your reservations with Joy Osborn. Come and celebrate the Christmas Season, would be nice to see all members in attendance.

DEC 20TH; Regular board meeting at the Boardwalk Library.

Congratulations Eddie and Marilyn Griggs on making the front page of the Restorer.

Nov 17th found 12 cars at the corner cafe in Riverside to fuel up the drivers and passengers on biscuits and gravy. With a full tank we proceed to the Airport Museum. Thanks to Ron Anderson we found it after a brief stop at the terminal, one Model "A" decided it wanted to stay there, after a brief rest it started. After all three clubs arrived we had 31 vintage cars parked. The tour was great since most of us can relate how difficult it is to take a rust bucket and convert it into a jewel. After a couple hours of touring and socializing we broke up, some continued on the tour others took in the Arabian museum down town. The one's that continued on to the TWA museum at the International Airport, with their final destination a B.Q. place at Sona Rosa. It was reported that after seeing all the great Airplanes all they talked about at lunch were the beautiful homes on Brier Cliff Drive.

LONG AGO WHEN MEN CURSED AND BEAT THE GROUND WITH STICKS, IT WAS CALLED WITCHCRAFT. TODAY IT IS CALLED GOLF.

Road Runner has just been informed that December first is the final day to make Christmas reservations, call Joy Osborn today.

IT'S TIME TO RENEW YOUR 2008 MEMBERSHIP if you need a membership application contact **Bill Auch**.

By the time you get this there could be snow on the ground. Have you **WINTERIZED** your car? there is a story told about this guy who said I never put antifreeze in my car, it never freezes in my garage and I don't drive it during the winter, Ice storm, no heat for days, cracked head.

PROGRESSIVE ROAD TOUR

Four cars John & Beth, Bill & Marcia, Ron and David began a progressive tour of the autumn colors using back roads our first stop was at Liberty where we picked up Lyman & Etta, used the bath room and back on the road again. Next stop was Kearney, where we picked up Charley & Judy, and Ken & Sherry. On the road again next stop was Lathrop, used the bath room, thawed out David, got some coffee and candy, used the bath room AGAIN, back on the road, near Plattsburg we met a flying Vicky it was Terry & Peggy, he got turned around and followed us into St Joe. where we were joined by Harvey & Vicky, Leland & Friend, Tim and Larry & Virginia, had lunch. This ended tour master John. Tim was in charge, took us straight to the Casino, well some cars made a detour through a circular drive, at the casino we got to see the car that ended Bonnie and Clyd's's earthly mission. What a sight !!!!After that Tim took us on a tour of the many parks of St Joe. ended up on King Hill, the fall colors were beautiful, That ended Tims responsibility. Terry now became our Director. Down the hill and out of St Joe we went, well not all of us we lost the St Joe people, and Lyman & Etta, we know why the St Joe people dropped out they were home but why Lyman & Etta wonder where they went, must ask them some time. Terry took us to parts in Missouri I could never find again, because I think we were in and out of Kansas on our way to Weston. At Weston Terry headed for home, and was surprised when he got home that Ken was right behind him. He was right behind Terry at Weston so when Terry turned so did Ken, the rest of us followed Ron to Platte City and home. What a day those from KC put 163 miles on this tour, it was a super super tour, thanks John for getting it organized.
